

THE STATE OF NEVADA
CERTIFICATE OF APPROPRIATION OF WATER

WHEREAS, George B. Russell has presented to the State Engineer of the State of Nevada Proof of Application of Water to Beneficial Use, from Hot Springs through Hot Springs Pipeline and Flume, for bathing or natatorium purposes; The point of diversion of water from the source is as follows: near the SE corner SE 1/4 Sec. 21 T. 34 N.R. 55 E.M.D.R. & M.Y. M. & P. R. R. situated in Elko County, State of Nevada.

Now Know Ye, That the State Engineer, under the provisions of Section 72, Chapter 140, Statutes of 1913, has determined the date, source, purpose and amount of such appropriation, together with the place to which such water is appurtenant, as follows:

Name of appropriator George B. Russell
Postoffice address Elko, Elko County, Nevada
Amount of appropriation 0.5 cubic feet per second
Period of use, from January 1st to December 31st of each year inclusive
Date of priority of appropriation October 11, 1916

Description of works of diversion and use

Water is conducted from the spring through a pipeline 6 inches in diameter and a flume 1 ft wide and 1 ft. deep to a natatorium, where said water supplies the following tanks: One tank 60x80 feet 5 feet deep at one end and 7 feet deep at the other end; One tank 40x60 feet 3½ feet deep at one end and 6 feet deep at the other end; three tanks 10x15 feet 4½ feet deep. Water is changed at regular intervals in these tanks. It also requires a constant stream of running water to take care of losses so that tanks are filled to capacity at all times.

The right to water hereby determined is limited to the amount which can be beneficially used, not to exceed the amount above specified, and the use is restricted to the place where acquired, and to the purpose for which acquired.

IN TESTIMONY WHEREOF, I, J. G. Scougham, State Engineer

of the State of Nevada, have hereunto set my hand and the seal of my office, this 2nd day of September, A.D. 1922.

J. G. Scougham
State Engineer
